Discontinuation Notice: VT Digital Cameras

Dear Valued Customer,

We hope this message finds you well and that your business continues to prosper.

We would like to express our sincere appreciation for your continued support of ViSCO products.

We regret to inform you that we will discontinue sales of the following VT Digital Camera products listed below.

This decision has been made because key components used in the affected products have been officially discontinued, making procurement increasingly difficult. As a result, we have determined that it is no longer feasible to ensure a stable and continuous supply. We kindly ask for your understanding.

We look forward to your continued support of our products.

Sincerely,

ViSCO Technologies Corporation
