End of Sales: VTV-9000mini（mini7）and VTV-9000miniR（miniR2)

Dear customers,

Thank you very much for your continued business.

Please be informed that sales of VTV-9000mini (mini7) and VTV-9000miniR (miniR2) will end.

This is because the OS in the said controllers (Windows Embedded Standard 7) will be unavailable for sales, thus ViSCO is no longer able to continuously provide the OS.

Your understanding is very much appreciated.

ViSCO looks forward to your continuing choice for VTV-9000 series controller.

Yours sincerely,

ViSCO Technologies Corporation

- Notes -

1. Product models

    Name: VTV-9000mini (mini7) and VTV-9000miniR (miniR2)

    Model number: V9KMDPL7-4MV / V9KTDPL7-4MV

        V9KMDPL7-4MV / V9KTDPL7-4MV

    * In case the model number cannot be confirmed on your side, please contact ViSCO with the S/N of the controllers.

2. EOS schedule

    Last date to accept PO: June 13, 2025

    Last date for shipment: June 27, 2025

3. Maintenance period

    Until June 2030

    ViSCO will contact you again once the deadline approaches.

4. Maintenance service

Please note that the maintenance service for the said controllers may end before the deadline in case the components required for repair/replacement service are discontinued.

5. Successor Model

Please consider implementing the successor models.

Name: VTV-9000mini（mini8）
Model number: V9KTDPL8-4MV

Name: VTV-9000miniR（miniR3）
Model number: V9KZDPL3-2MV

The successor models use the same hardware and retain compatibility by using Windows10 (Windows 10 IoT Enterprise 2021 LTSC) as the OS.

Please contact ViSCO sales representatives for replacement or details of the latest models.

End of Notes

Please contact ViSCO for any inquiries on this announcement.
